WORLD-WIDE ACADEMY

# IALA Strategic Vision

## Goal 1

Marine Aids to Navigation are developed and harmonized through international cooperation and the provision of standards.

## Goal 2

All coastal States have contributed to a sustainable and efficient global network of Marine Aids to Navigation through capacity building and the sharing of expertise.

## Primary goals of the Academy

*That all coastal States can fulfil the obligations related to Marine Aids to Navigation placed upon them in SOLAS Chapter V; and that all coastal States can claim conformance with relevant IALA Standards.*

# Assisting coastal States worldwide

## 1 ENLIGHTEN

raise the awareness of high-level decision makers of their international obligations relating to safety of navigation;

## 2 EDUCATE

provide a suite of relevant education and training opportunities for as many as possible; and

## 3 ENGAGE

pursue long-term capacity building activities with coastal States and provide advice on how to overcome challenges.

# Quality Accredited Training Organisations

Training is available through a network of Accredited Training Organisations.

### ANNOUNCEMENTS

Welcome to the IALA Learning Management System

Our goal is to foster the safe, economic and efficient movement of vessels, through the improvement and harmonization of marine aids to navigation world-wide, for the benefit of the maritime community and the protection of the environment. To help national authorities to meet their obligations under the international conventions, IALA has established this on-line system to deliver education and training. We encourage you to browse our courses and contact us if you have any questions, feedback, or interest in enrollment.
